sick unit of Aluminium Corporation of India Ltd. (ALUCOIN) at Jaykaynagar in West Bengal in the private sector was nationalised through an Act of Parliament and vested in Bharat Aluminium Company Ltd. (BALCO) on 2nd June, 1984. After nationaisation this unit was renamed as Bidhanbag Unit of BALCO.

There is no problem of raw-materials. However, problem of inadequacy of orders in certain areas like rolling mill and foils exist due to poor quality and limited product range from these units arising from old and out-dated machinery and equipment. To overcome this problem, BALCO has proposals to modernise the existing fabrication facilities at Bidhanbag Unit in stages, keeping in view its financial resources, etc. in a phased manner. A beginning has been made by initiating action on modernisation of the conductor plant. This is proposed to be followed by modernisation of other units like extrusion and foil plants to produce value added items.

Livestock Development Scheme

2958. SHRI JAGADISH JANI: Will the Minister of AGRICULTURE be pleased to state:

(a) whether Government had introduced some livestock development schemes in different States;

(b) whether any such scheme had been introduced in Orissa; and

(c) if so, when and the livestock development programme undertaken under those schemes during the last three years?

THE MINISTER OF STATE IN THE DEPARTMENT OF AGRICULTURE AND COOPERATION IN THE MINISTRY OF AGRICULTURE (SHRI SHYAM LAL YADAV): (a) to (c) Various Livestock Development Schemes were introduced in the different States including Orissa State during different Five Year Plans.
